AmSan® Omaha is please to introduce Advance Equipment as our latest addition, to our great selection of professional cleaning supplies and service. Both Advance and AmSan Omaha started providing great products and service back in the 1920's and it only seemed natural to bring these two great companies together for our customers in Nebraska and parts of Iowa.

AmSan Omaha has a growing service department with a number of trained technicians ready to review, repair, clean and return your cleaning equipment as quickly and economically as possible. This service can also be performed at your physical location with multiple mobile service vans for your convenience.

**Please feel free to stop in at any of AmSan's convenient locations.**
