RE: Stretch Film Price Increase Announcement

Dear Valued StretchFlex Customer:

We have received confirmation that resin suppliers have pushed through the market increase IPG previously communicated to customers on February 2, 2007. As a result, IPG is announcing an implementation of an 8% stretch film price increase effective with orders received on or after March 5, 2007. Order quantities will be limited to one month's normal purchases and delivery will be based on resin availability.

Please feel free to contact your local sales representative or your customer service representative with any questions you may have.

Sincerely,
